*All our cakes are made from scratch and are made using the finest and freshest ingredients.*

*Our cakes are not overly sweet. We know you will notice and enjoy the difference between our cakes and those that are mass produced.*

Our sponge cake is light and airy, we recommend Chef Pavel's Special cream and fresh fruit for our sponge cakes.

Choose the size, the flavor or your cake, then a frosting, and any filling you desire, then add fruit or nuts to finish it off.

### Wedding Cakes

Our standard wedding cakes are 3 layers of cake with 2 layers of filling. We will work with you to custom create a cake to reflect the theme of your special day. The most important feature for us when designing a cake of your dreams is the taste. Chef Pavel prefers not use fondant or gum paste, he creates a smooth polished finish using delicious flavored Butter Cream. As for price, it is impossible for us to price a wedding cake until we know your needs.
